It is expected that you will have successfully completed ICT30115 Certificate III in Information, Digital Media and Technology before applying for this course. @http://www.thegordon.edu.au/courses/all-courses/ict30115-certificate-iii-in-information-digital-m e

If you love new technology and are looking for a career with lots of diversity and employment opportunities - this could be for you! You will learn a broad range of information and communications technology (ICT) skills and knowledge. In just one year, you’ll be prepared to take on a technical support role within small to medium enterprises.

You will learn coding, cybersecurity, Microsoft applications, web technologies, PC software maintenance, networking, workplace skills, computer programming, games development and server administration.

Work placement/industry experience
When undertaking the Traineeship you will work in the industry and learn your skills on-the-job with your employer

How often do I attend?
FT - 4 days per week | Monday - Thursday | 9.00am - 5.00pm
PT - negotiable depending on study requirements (not available to international students)
Note: the number and days of attendance is approximate only and may change

Possible Career Outcomes
• Technical support officer
• Applications developer
• Assistant web developer
• Computer technician

Entrance Requirements

Entrance Requirements / Pre-requisites
• Applicants must have completed the Certificate III in Information Digital Media and Technology or have proven industry experience to this level.

Government funding for eligible students and employers.
Selection mode
• Employer referral through an Australian Apprenticeship Support Network Provider (apprenticeship and traineeship applicants only).

Pre-training review
The Gordon is committed to ensuring all students have access to the educational and support services they may need while studying. We do this by carrying out a pretraining review that is integrated with the application and enrolment process. For most courses, this review also includes a short literacy and numeracy assessment relevant to the course. The outcomes of the pretraining review assist our teachers and trainers to better understand each student’s capabilities prior to training and enable all students to be matched to the right program for them.

Units & Assessment

Core Units
Contribute to copyright, ethics and privacy in an ICT environment  ICTICT418  40
Determine and confirm client business requirements  ICTICT401  40
Implement and monitor environmentally sustainable work practices  BSBWHS401  40
Participate effectively in WHS communication and consultation processes  BSBWHS304  30
Work and communicate effectively in an ICT environment  ICTICT202  40

Electives
Apply introductory object-oriented language skills  ICTPRG406  60
Apply introductory programming skills in another language  ICTPRG414  60
Build a database  ICTDBS412  30
Create a markup language document to specification  ICTWEB429  20
Create basic databases  ICTDBS403  40
Create scripts for networking  ICTNWK409  60
Create visual design components for interactive games  ICTGAM406  40
Design a website to meet technical requirements  ICTWEB401  40
Design interactive media  ICTGAM412  40
Install and manage a server  ICTNWK401  40
Install, configure and test an internet protocol network  ICTTEN416  50
Produce an interactive game  ICTGAM401  60
Produce basic client-side script for dynamic web pages  ICTWEB411  40
Produce interactive web animation  ICTWEB412  80
Select cloud storage strategies  ICTICT423  40
Use a library or pre-existing components  ICTPRG413  40

Type Of Assessment
• Hands-on projects
• Written assignments

Further Study Options
Pathways exist between various levels of study, enabling students to move between courses within The Gordon and in some cases, to other higher education institutions. You may also be eligible for credit points which can reduce your further study time. For more information on our pathways to Deakin University see our Pathways Guide, or contact Customer Service on 1300 730 601 to discuss your options.

• ICT50115 Diploma of Information Technology

Government funding for eligible students and employers.
## Fees

<td>approx</td>
</tr>
<tr>
<td>1 TB portable hard drive</td>
<td>AUD $85.00</td>
<td>approx</td>
</tr>
</tbody>
</table>

### Which fee will I pay?

Course fees are made up of two components; tuition and materials fees. Due to the different level of Government subsidy available to students there are three possible fee levels for tuition fees; concession, standard and full fee; only one will be applicable to you. Indicative Government Subsidy indicates the amount the Government is contributing to the cost of this course.

For more information about fees and to check your fees eligibility please visit The Gordon website.

### How Do I Apply

Information about how to apply for this course can be found by visiting The Gordon website
