

STATEMENT OF COMMITMENT

The Gordon is fully committed to youth and child safety, and The Child Safe Standards.

Our commitment includes zero tolerance for child abuse and practices to ensure we actively listen to, and empower, all young people and children who are part of our community.

The Gordon has systems and services in place to help protect youth and children from abuse. All allegations and concerns are taken seriously and are responded to consistently, in line with our organisation's policies and procedures.

The support provided by our Aboriginal, Counselling and Disability Units, as well as our International Department, further demonstrates that cultural safety for all students, including Aboriginal youth and children, those from linguistically diverse backgrounds, and those with disabilities, is a priority at The Gordon.

Joe Ormeno
Acting Chief Executive Officer
