

# the Gordon Student Safety Commitment

## The Gordon is fully committed to the safety and wellbeing of all students

We have zero tolerance for any harm or abuse to any person here at the Gordon. We acknowledge that some of our students are young people under the age of 18, and we are therefore committed to taking additional measures to meet their safety and wellbeing needs.

Many of our students come from a diverse range of backgrounds, and we are therefore committed to applying a tailored and culturally sensitive approach to meet their safety and wellbeing needs.

The Gordon is committed to listening to the views and suggestions of students and we encourage students to express these views and suggestions, especially on matters that directly affect them. We will apply a tailored approach to seeking the views of students and participants under the age of 18, and those from diverse backgrounds to ensure an individual's diversity or vulnerability is not a barrier to having their voices heard. We will take them seriously and respond promptly and appropriately.

The Gordon is committed to having the policies, practice and culture in place to provide students with a safe, respectful, inclusive and welcoming learning environment.

We welcome all feedback, comments and complaints relating to the way in which we meet the needs of our students to inform and educate us on how we can improve.

Joe Ormeno
