"I am happy I made the Gordon Institute of TAFE my study destination; I could not have had it any better. Being a TAFE, I felt the practical approach and real experience would help me further my studies and career path.

The teachers are a great asset. The amount of care and attention they provide exceeds expectations. I go to class every morning knowing that I have their full backing and support. Lessons are broken down into very simple and concise parts, our nursing labs are fully equipped with state-of-the-art tools and our lesson plans are set up to match the current needs of the workforce."
