Industry Skills Training Centre

Whether you are looking for a full qualification or a short course to gain industry skills and licences, our Industry Skills Training Centre is the place to start. We work in close consultation with industry and government authorities to provide a suite of courses that meet current industry standards and have a reputation for training highly employable and skilled workers.

Our experienced trainers can deliver training at your workplace, onsite or on-campus, at a time that suits you. Many of our courses can also be undertaken as apprenticeships and traineeships. We also offer short courses in first aid and work health and safety.

supervisor
Work health and safety
manager*

As part of my plumbing apprenticeship, I'm doing a scaffolding course to get my licence from WorkSafe. The Gordon's facilities are state-of-the-art, and what I am learning will be really beneficial when I am on a job site. The teachers I'm learning from are all from industry and up-to-date with current workplace requirements."
